# Onboarding Design Journal

Journal to document the weekly work, mainly to share on the Design stand-ups but also to have a nice overview of all the features, improvements and work we have done weekly.

# Thank you!

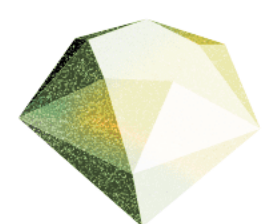

どうもありがとうございました!

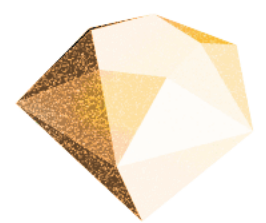

## **With collaboration we can...**

Integrate design into the teams and make bigger contributions to projects.

Provide a new perspective of the problems and offer a shared tangible goal.

Get closer to our team members, and read the room to create a safe space for work.
